Exhibitor additional opportunities provided by Warwick Event Services
for your exhibition stand at
CILIP 2017 Conference
University Place, University of Manchester.

Your stand

Your stand will be built from Octonorm shell scheme. It will be fitted with white foamex boards to form the walls. Depending on the position of your stand will depend on the format and layout of your stand. Your event organiser will be able to inform you of this. Please see below an infographic showing a traditional stand build with fascia and name boards attached.

Your package includes a 500W single electrical socket which ordinarily will be fitted into the corners of the stand. It also comes with a track with a spotlight and this affixed to the fascia.

Shell Scheme Dimensions

Center to Center of poles 990 mm

Shell Scheme Guidelines

Hook & Loop
Compatible

No Nails,
Screws or Pins

No Adhesives

No Staples

Composition
A modular stand building system, comprising of white foamex PVC coated panels and strong but lightweight aluminum beams and poles

We also offer additional opportunities to enhance your stand, increase footfall, and market your brand.

Abi Grindling is our Sales Executive, dealing with both our online and offline orders. She is more than happy to talk to you about any queries you have about your exhibition stand and any additional requirements you may be interested in. Abi works Monday to Thursday between the hours of 0900 & 1400 but can be contacted by email at any time and she will get back to you at her earliest convenience.

Graphics

We produce both panelled and seamless graphics.

Panelled graphics sit within the poles of the shell scheme and effectively become the walls of your stand. Upon the supply of your artwork we print and install the panels to your stand before your arrival at the exhibition. Seamless graphics are fitted to your stand to offer a continuous seamless appearance. They stand just off the shell wall.

Panelled and seamless graphics start from just £145 per panel +VAT.

Full details and a bespoke quote for your exact stand can be obtained by emailing Abi our Event Sales Executive on exhibitionorders@wce.co.uk or calling 07803 396998.

Example image of panelled graphics installed in a 3m x 3m open ended stand.

Example image of seamless graphics installed in a 3m x 2m open ended stand.

We require your artwork fully designed and sent as a high-resolution pdf, with printer's trim marks and a 3mm bleed on all sides. Panelled graphics need a 3mm bleed on each side of the panel and seamless graphics would be set as complete wall widths, with a 3mm bleed around each side. The deadline for graphic printing is Monday 19th June 2017. Remittance for graphics also needs to be cleared by this date.

Full artwork specification and details will be given upon enquiry.

For further information, a discussion about your stand or a bespoke quote please email Abi on exhibitionorders@wce.co.uk or call on 07803 396998.

There are also options to retain your graphics but there are terms, conditions and transportation costs associated to this. You must discuss with Abi if you wish to retain your artwork as our standard procedure is to remove and recycle all graphics at the end of the exhibition.

Different walling options.

We can also offer different coloured walling options such as red, green, blue panelled walls for your stand and we can also offer clear walling and frosted panels.

Prices start from £47.40 +vat per panel for plain coloured panels

Example of coloured panels inserted in the shell scheme.

Example of frosted and decalated panels.

Carpet

We can enhance your stand considerably by fitting carpet for the duration of the exhibition. A cost-effective way of injecting colour and standing out from your competitors and fellow exhibitors.

We offer two solutions to fitting carpet within your stand, we can either lay it direct to the floor and tape the edge with fixing tape, or we can build a small integrated floor of 18mm into your stand, laid with carpet and finished with a metal trim.

- Direct to exhibition floor prices start from £20 pm2 +VAT
- Built floor prices start from £29.95 pm2 +VAT

Other types of flooring maybe available such as artificial grass, please feel free to contact Abi to discuss your stand plan and ideas on exhibitionorders@wce.co.uk or by phone on 07803 396998.

Branding Opportunities

We can brand some of our furniture and shell walling with decals specific to your business.

This is very much a POA as it depends a lot on the intricacy of your requirement, the size and the surface you wish to brand. Please contact Abi to discuss your requirements.

A glass table top with decal.

A branded floor.

Branded wall panels

Please note full remittance for additional opportunities must be received by Monday 19th June 2017

For further information, a discussion about your stand or a bespoke quote please email Abi on exhibitionorders@wce.co.uk or call on 07803 396998.
